The International Hæmophilia Society

THE International Hæmophilia Society was founded in 1942 by one of the members of the *Eugenics Society*. Its purposes are to be a friendly and charitable organization for sufferers from this disorder of the blood, to promote the investigation and treatment of hæmophilia, to safeguard the social and economic interests of hæmophiliacs and to give financial help within the limitation of its funds to hæmophiliacs in need.

The President of the International Hæmophilia Society would be glad to hear from members of the *Eugenics Society* with data on hæmophilia, and would be grateful if members would bring the existence of the Hæmophilia Society to the notice of those affected with this illness.

Back Numbers of the "Eugenics Review"

THE *Society* is occasionally asked to supply libraries with complete sets of the *EUGENICS REVIEW*. Hitherto this has been possible, but certain numbers are now exhausted. It

would be much appreciated if Fellows and Members would present to the *Society* any numbers of the *REVIEW* which they no longer need.

Those numbers which are particularly scarce are all parts of the earliest volumes, i.e. 1-9; Volume 34, No. 3; Volume 38, Nos. 1-4; Volume 39, Nos. 3 and 4; and Volume 40, Nos. 1-4.

Donations to the Library

THE *Society* is indebted to Mrs. Edith Seymour, who recently presented her collection of books to the library; also to Dr. C. P. Blacker, who has given a large number of volumes from his personal collection.
